

GARMENT, UNIFORM AND LINEN REPAIR

Mending materials are available in both roll form and pre-cut patches. The roll is designed to be cut to size for repairing the smallest hole to the largest tear. A wide assortment of sizes and shapes enable pre-cuts to be used to repair standard size damages.

All mending materials are heat applied and guaranteed to perform in the industrial and other environments.

HOW TO ORDER

To order Penn Emblem Mending Material Products you must first determine the correct item code. The following is a step-by-step guide so that you can place an order.

Step #1: Determine the correct color code using the chart on page 2 of this brochure.

EXAMPLE: The code for 1"x1" Square is -11

Step #2: Determine the correct size of the pre-cut pieces or mending tape rolls using the information on page 3.

EXAMPLE: The code for TAN shirt Weight 65/35 Poplin is MT107

Step #3: There, the code for this item is MT 107-11

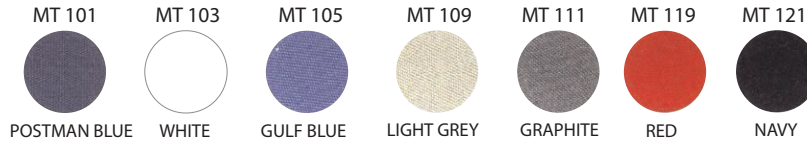

If you need any assistance in determining what Mending Material item code is correct for you, please contact Penn Emblem.
